**Dear Superstars of STEM Team:**

I am extremely interested in participating in the offered program.

I believe that this is a unique opportunity to improve my leadership and communication skills in science.

My employer Murdoch University is willing to contribute with a scholarship to cover the costs of the program. Furthermore, if any issues will arise later in the year with my employer, I will be able to cover the costs of the program by myself.

Sincerely,

**Paola A. Magni, PhD**
