To whom it may concern.

Re. Superstars of STEM scholarships

I am writing to request that I am considered for one of the scholarships places for the Superstars of STEM program offered by Science and Technology Australia.

I am on parental leave until the end of 2020 and due to the impact of COVID-19 I do not have a position to return to. Thus, I currently do not have employment in 2021 and this scholarship will provide significant relief in a financially difficult time.

Thank you for your consideration
